Conferences and symposiums

The 3rd international conference ILUMINAT & BALKANLIGHT 2005, Cluj-Napoca, Romania will provide a unique regional forum to discuss and debate the latest developments in energy and environmental impact of lighting systems, the policies and programmes adopted and planned, the strategies to be implemented to further progress, as well as the technical and commercial advances in the dissemination and penetration of energy efficiency in lighting.

The target audience represents the community of lighting professionals from Romania, Balkan countries, European Member and Associated states and outside from EU area, including lighting and building science researchers, engineers, system designers and project managers, academia and experts, architects and urban planners, local community and government representatives, policy makers, national and international organizations and agencies, manufacturers and retailers organizations, students. The participation of young researchers will contribute to the success of the conference and to the

improvement of their knowledge.

The two-day conference will include plenary sessions where key representatives and high specialists will present their views, programmes and research to advance energy efficiency in lighting. Parallel sessions on specific themes and topics will allow in-depth discussions among participants. Round tables organized by the official sponsors will present the latest economic and technology achievements of national manufacturers and retailers in electric and lighting fields. The conference will allow the best knowledge of new policies and strategies to increase energy and economic efficiency, to mitigate climate change and to foster sustainable development, to build international partnerships among lighting professionals, to emphasize the regional Balkan cooperation.

The ILUMINAT 2001 and 2003 conferences have established themselves as influential national and recognized international events in the light and lighting field, with a large audience.
